

Dear SPAE Families,

My name is Patty Luft and I am so excited to be joining the second grade team at Sequoia Pathfinder Academy at Eastmark.

I have taught at the elementary level for the past ten years. I was a first grade teacher for seven years and then I moved to second grade for the past three years. This summer, my husband and I moved from Oshkosh, Wisconsin to Mesa. We bought a house in the Eastmark neighborhood. I am thrilled to be working at a school so near to my home!

I have two boys who are both in college. Matthew is 21 and a senior at Concordia University Wisconsin. He is studying accounting and finance and plays center field for the baseball team. Jacob is 19 and a freshman at the University of Oklahoma. He is studying industrial engineering. In his free time, he plays flag football for his dorm.

My husband, Rod, and I love to explore our new state. We have hiked the San Tan Mountains, Payson, and Camelback. Every night we enjoy walking around our new neighborhood. We love that we will not have to shovel or wear winter coats this winter!!

I look forward to meeting all of you and working with your children!

Sincerely,

Patty Luft
